

Liberty High School Performing Arts Center

AVANT ACOUSTICS provided acoustical consultation and audio-visual system design and the Performing Arts Center expansion to Liberty High School.

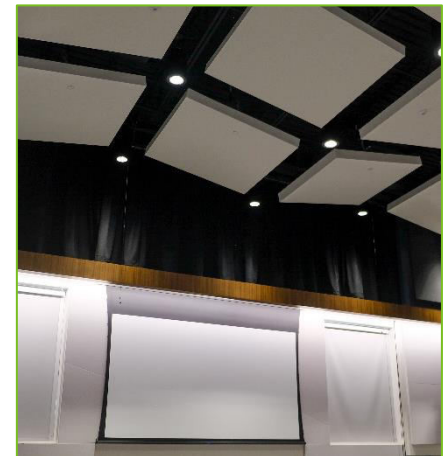

This was an extensive design project encompassing the 800 seat Auditorium, Scene Shop, divisible Band Room, Orchestra Classroom, Vocal Classroom, Debate Classroom and Dressing Room, Forensics Classroom and Green Room, two Large Practice Rooms, four Medium Practice Rooms, 4 Small Practice Rooms, the Performing Arts Center Offices, Administration Offices, Lobby and the Public Restrooms.

AVANT ACOUSTICS provided the following services:

- Acoustical Consulting
- Audio-Visual System Design
- Construction Administration
- System Commissioning

Project Highlights:

State-of the art audio system in the auditorium, including Left/Center/Right arrangement of loudspeakers arrays and a Dante digital audio system. Multiple pan-tilt-zoom cameras for video distribution to the classrooms and the lobby.
